## THINKS LATE SESSION HANCOCK CO. SCHOOL OF LEGISLATURE WAS TRUSTEES MEET HERE POOREST SINCE WAR IN BIG CONVENTION.

Hon. R. Brown, Prominent Citizen of  
Hancock, Visited the County  
Seat, Votes Opinion Re-  
garding Legislature.

NOTHING LIKE IT SINCE THE  
RECONSTRUCTION PERIOD.

Is Enthusiastic Over Subject of Agri-  
cultural High School for Han-  
cock County—Says There  
Ought to Be Many.

Mr. Reuben Brown, one of the sub-  
stantial citizens of Hancock county,  
was in the city yesterday from his  
home near Kiln, and, as is his custom  
when here, called on The Echo.  
Mr. Brown, of the opinion, and  
we think the majority of Mississippi-  
ans are of the same belief, that the  
recent session of the Legislature did  
little else but appropriate money that  
will increase the tax burden to  
intolerable proportions. As a con-  
structive force he says the Legislature  
was a failure, and that it was the  
poorest we've had since the recon-  
struction period. And that he is glad  
to learn Governor Noel is circulating  
petitions in the interest of the re-  
ferendum in order that some of the  
seemingly insane measures might be  
repealed.

Men went to the Legislature from  
different counties who did nothing but  
to have their vote recorded, and there-  
by hoped to report to their consti-  
tuents that their voice was either for  
or against, but as for real, genuine  
constructive work, measures that  
would prove of increasing value in  
productiveness and of material gain  
there was little or nothing of these  
elements.

Due to the many bills carrying ap-  
propriations which were introduced  
and carried, there is no telling what  
the ultimate tax levy and the forth-  
coming assessments will be, suffice  
to say, the people will groan under  
the burden and this, supplemented  
with local taxation confiscation will  
come nearer than anything else.

Although no patron of schools, Mr.  
Brown is an enthusiast for the support  
and betterment of schools, and he ex-  
presses himself at the failure of Han-  
cock county regarding the establish-  
ment of an agricultural high school.  
"Other counties over the State have  
taken advantage of the law providing  
for such schools, and, in fact, I would  
like to see every county in the State  
have its own agricultural high school,  
especially since Mississippi is essen-  
tially an agricultural State. It would  
be better to have more county in-  
stitutions, even at the sacrifice of  
State institutions, and that way the  
work would be closer home, right in  
the midst of the people and would  
prove of more and of immediate  
benefit."

The Miracle Man. A picture  
that thrills. An excellent cast. Superb  
scenery. You will never forget it.  
Coming soon.

Schools and Work.

J. C. SMITH, OF KILN, ELECTED

"We were indeed pleased to have so  
many of the trustees with us at the  
meeting that was held at the court  
house Wednesday, June 16," said  
Supt. of Education T. E. Kellar to  
The Echo after the meeting had ad-  
journed. It was an assembly of near-  
ly twenty school trustees in Hancock  
county and represented one of the  
most important bodies of local ex-  
ecutives ever to assemble in our city.

and for the purpose of better and  
more work.  
The meeting was called to order at  
11 o'clock by Mr. J. C. Smith, of  
Kiln. After the purpose of the meet-  
ing was explained, and believing that  
it was necessary to perfect permanent  
organization of the trustees, the  
gentlemen representing the various  
school districts elected permanent of-  
ficers, which said election resulted  
as follows:  
J. C. Smith, chairman; A. E. Shaw,  
vice chairman; Ralph Depreo, secre-  
tary.

## LOCAL RED CROSS SECRETARY ISSUES SPLENDID REPORT.

Mrs. Mary C. Gager Issues Report  
For Past Two Months, Show-  
ing Work and Telling Results  
For Ex-Service Men.

INSURANCE PREMIUMS CAN BE  
ISSUED ANEW.

Without Extra Cost—Government  
Is Thoughtful and Liberal—Ap-  
plication Must Be Made  
Within One Year.

Mrs. M. C. Gager, executive secre-  
tary, Home Service Section, Ameri-  
cized Cross, Bay St. Louis, has is-  
sued her report for the past two  
months, which is not only interest-  
ing but shows activity and results.  
Of the 160 cases investigated 132  
services were rendered, and infor-  
mation given in 28 instances. There  
were \$2206.50 paid out by Mrs.  
Gager locally for the Government,  
every transaction passing through her  
office and receiving her individual at-  
tention.

Fifteen hundred questionnaires were  
sent out to ex-service men in the  
county by Mrs. Gager. All men have  
not been reached as yet but in due  
time she hopes to get into communi-  
cation with the remaining ones. No  
one will be overlooked. The first  
three questionnaires returned were  
from men who had contracted tuber-  
culosis from gas. These ex-service  
men were not aware that they were  
entitled to compensation and medical  
treatment.

Dr. J. A. Evans has been appointed  
by the local Chapter as dental ex-  
aminer for ex-service men.

Messrs. Bennie Graves, Asa Moran,  
Paul Fayard and Victor Colson have  
been admitted to Tulane receiving  
school from Hancock county.

If an ex-service man was injured  
or contracted disease while in the  
service of his country, even though  
the injury was light or the disease  
of minor character, he must be sure  
to apply for a certificate of injury  
before one year after discharge in  
order to protect himself and depend-  
ents. Mrs. Gager says, "Act now."

## NOTABLE PARTY SPENT WEEK ON SOUND.

Mayor and Party of Friends Cruise  
Along Edge of Gulf and Spend  
Time at Chandeleur Islands.

A party of notables, headed by  
Mayor R. W. Webb, of Bay St. Louis,  
returned from a week's cruise in gulf  
waters Saturday afternoon, after  
spending a week in fishing, past-  
time, and needless to say, since the  
weather was prohibitive in every par-  
ticular and the party made up of  
most congenial fellows, the affair  
was one thoroughly enjoyed. With a  
splendid power vessel, a good cook  
on board and plenty of eats, the affair  
could not have proven otherwise.  
Everyone of the party was imbued  
with the true spirit for such a trip.  
Most of the time was spent in and  
around Chandeleur island, where the  
fish bite well and where the surf for  
boating is at its best.

The party left here Monday Morn-  
ing on board the "Royal Tern" and  
was composed of Mayor R. W. Webb,  
City Attorney Robert L. Genin, P.  
A. Wright, Charles Toen, of Bay  
St. Louis; Louis Deffichou, Evon G.  
Till, of New Orleans, and Norman  
Bowers, Rawl Fellows, Henry T.  
Richardson of Hammond, La., Frank  
Carter, chief.

The party returned with much fish  
for home consumption.

## AIM IS TO MAKE THE LOCAL MEN WHO SAW COUNTY HOME OF LIVE SERVICE CAN HAVE STOCK BREEDING. NEW POLICY ISSUED.

Three Sires Received Here This Week  
Consigned to County Agent  
Pittman for Farmers Who  
Are Interested.

HANCOCK COUNTY BANK HAS  
LIBERAL OFFER.

Will Assist and Finance Farmers to  
Start Stock Raising—Beginning  
of Great Industry for the  
Piney Wood Region.

That the future of Hancock county  
depends largely on the success of its  
people engaged in agricultural and  
kindred pursuits is imminent and  
one can deny this. The supply of  
timber is limited, and will last but  
a number of years yet at its best.  
Consequently our people will have  
to turn their attention and endeavors  
to other fields.

Live stock, the right kind, can be  
raised to advantage in Hancock coun-  
ty, and it is well that much attention  
is being given to this branch of in-  
dustry.

There arrived here this week, con-  
signed to Frank B. Pittman, county  
farm agent for Hancock, three bulls  
of Holstein breed, nine months old,  
and weighing 700 pounds each, from  
the Knock Stock Farm, at Fernwood,  
Miss. These were respectively for the  
following parties, John Harriel, Crane  
Creek; Jack Craft, Nicholson, and  
N. B. Mitchell, Picayune. Mr. Pit-  
tman made the purchases through the  
instrumentality of the Hancock Coun-  
ty Bank which will do likewise for any  
reputable citizen or resident of the  
county. The purchases were the re-  
sult of the following letter, copies of  
which were recently mailed over the  
county by Mr. Pittman, and which  
shows the progressive and construc-  
tive spirit of the bank and the in-  
terest it takes in the material well-  
being of its people showing that banks  
are not mere mercenary institutions,  
but that they assist the people and  
help them build for the future. It  
will be remembered the Hancock  
Bank also of this city, financed the  
boys and girls pig clubs, lending the  
members the cash with which to pur-  
chase the best breed of swine in order  
to propagate better stock. It proved  
of big assistance.

The Hancock County Bank's offer  
and Mr. Pittman's letter follows:  
"Dear Farmer and Stockman:  
Realizing the importance of live  
stock and especially of the cattle busi-  
ness for the future success of agricul-  
ture for this county, I invite your at-  
tention to some of the things that are  
being attempted to improve our cat-  
tle.

"There is a Nation-wide campaign  
on now for the improvement of our  
live stock. It has been proven by our  
Experiment Stations that the quality  
and production capacity of the aver-  
age American farm animal are still  
low. And that millions of farmers  
are wasting time and money on ani-  
mals that gives less return for the  
same expenditure than would better  
stock. It has also been proven con-  
clusively that the cheapest and most  
successful way of permanent improve-  
ment in all lines of live stock, is the  
introduction of good pure-bred sires.  
The Hancock County Bank, hav-  
ing realized the necessity of better  
live stock in Hancock County, and  
having been convinced that good ani-  
mals are the key to success of our  
farmers, are offering what we con-  
sider a very encouraging and helpful  
proposition to the live stock owners  
of the county.

"The Bank is willing to purchase  
good pure-bred, tick free and tick im-  
mune bulls, and place same in the  
hands of responsible and worthy cat-  
tle owners of the county. The con-  
dition under which the Bank is mak-  
ing this above proposition are that  
the animals are to be pure-bred and  
tick immune. A fee is taken on  
the animal, the purchaser to pay 6  
per cent interest, with the privilege  
of renewing the note, and that the  
animal be well cared for. The owners  
of these animals will be expected to  
exhibit at The County Fair.

"To secure one of these bulls, it  
will be necessary to make application  
in writing to me or to The Hancock  
County Bank. These applications  
will be numbered as they reach the  
Bank and will be taken up for con-  
sideration accordingly.

"Knowing the value of live stock  
in developing a well-balanced system  
of agriculture and realizing the many  
advantages of growing cattle in Han-  
cock County, and with the confidence  
that better live stock will bring sat-  
isfaction and many benefits to its  
owners, I invite the concerted action  
of the farmers and stockmen of this  
county to improve their live stock.

"Assure you that it will be my  
pleasure to assist you in making your  
selection, as to breed and adaptability  
to this section, I am  
"Yours for Better Sires and Bet-  
ter Stock."  
FRANK B. PITTMAN, Co. Agt.

Servant Girl Wouldn't Go In Cellar,  
Fearing Rats.

Mrs. Tepper Plainfield, N. J., says,  
"Rats were so bad in our cellar the  
servant girl wouldn't go there. Bought  
some RAT-SNAP and it cleaned all  
the rats out." RAT-SNAP destroys  
rats and mice. Absolutely prevents  
odors. Comes in cake form, no mix-  
ing. Cats or dogs won't touch it.

Ex-Service Men Who Have Dropped  
Insurance Can Be Re-Installed  
Without Paying Back Dues  
to U. S. Government.

GOVERNMENT IS LIBERAL TO  
ITS EX-SOLDIERS.

Secretary of Bay St. Louis Red Cross  
Will Give All Information and  
Necessary Assistance Re-  
garding Subject.

Ex-service men who have can-  
celed, or dropped their insurance can  
have same reinstated without paying  
premiums, paying only the month of  
grace, the month they stopped pay-  
ment, and the month of re-instal-  
ment.

A man may carry all, or part or  
even \$1000.00 of his insurance. Every  
man who carried insurance should  
re-instate, if only part, for his own  
protection and that of his depart-  
ments.

Don't forget men become disabled  
in peace time as well as in war time,  
and your insurance carries disability  
as in war time at the same war time  
rate, until converted.

Should you become disabled while  
paying insurance, regardless of which  
kind you carry, your premiums will  
cease and the insurance paid you as  
long as you live or remain disabled.

Forms for re-instatement, infor-  
mation, can be had from M. C. Gager  
Exe. Sect. H. S. S. Red Cross; Han-  
cock County Court House.

## PASCAGOULA PLANS BUILDING OF MODERN HOTEL.

Pascagoula, June 18.—The build-  
ing of a modern first-class commer-  
cial hotel is being planned by the  
business people of this place. Ini-  
tial steps were taken Saturday to or-  
ganize a company by a number of  
leading citizens. Dr. J. Ford subscrib-  
ed a liberal sum towards the project.  
The Pascagoula National Bank and  
the Merchant and Marine Bank were  
designated by the hotel committee  
for cash deposits of stock.

school board, will act as an executive  
committee to transact the business of  
the schools not otherwise provided  
for by law, and from which great  
good, no doubt, will be derived.  
The duties of the trustees and teachers  
were outlined very effectively by  
Prof. S. P. Powell, of Kiln, who was  
thoroughly conversant with his sub-  
ject, and one of the best school men  
of our county.

As there were no other business on  
hand following the various discus-  
sions, the party adjourned to re-as-  
semble in the court house yard,  
where, under the spreading boughs  
of the oaks and other trees, dinner  
was served complimentary by the lo-  
cal business people and other un-  
der the direction of Miss Sallie Cir-  
lot, the efficient county demonstration  
agent, whose delicious crab gumbo  
will, no doubt, become proverbial.  
Miss Cirlot was assisted in serving by  
Misses Daisy and Lucy Bordages,  
Belle Plummet and others.  
The trustees who failed to answer  
to the roll call not only missed a  
treat, but failed to represent that  
district which honored him with this  
very important office. We do not  
know the cause, but hope nothing  
serious precluded any one's coming  
and that at the next meeting there  
will be a 100 per cent. attendance.  
Supt. Kellar says, "Co-operation  
means success; let us co-operate and  
make Hancock county what it should  
be—educationally and otherwise."

## A LETTER FOR WOMEN

From a Woman Whose Serious Illness Was Overcome by Lydia E. Pinkham's Vegetable Compound.

Garnett, Kas.—"I first took Lydia E. Pinkham's Vegetable Compound for a complete nervous breakdown following the birth of my oldest child. I got up too soon which caused serious female trouble. I was so weak that I was not able to do any work but very little and could not do my housework at all. I had a bad pain in my back and legs and would pain terribly if I stepped on a curb-stone. One day one of your booklets was thrown in the yard and I read every word in it. There were so many who had been helped by your medicine that I wanted to try it and my husband went to town and got me a bottle. It seemed as though I felt relief after the second dose, so I kept on until I had taken five bottles and by that time I was as well as I could with. About a year later I gave birth to a son and boy, and have had two more children since and my health has been fine. I never have trouble of any kind. I am going to take your medicine for I give it all the praise for my good health. I always recommend your medicine whenever I can."—Mrs. EVA E. SHAY, Garnett, Kansas.

Powerful Subs.  
The submarines of the English "K" class are said to be the fastest and most powerful submersible craft in the world. They are propelled on the surface by steam turbines at a speed of 24 knots, which is about eight knots faster than the speed of ordinary submarines. They are 840 feet long, and displace 2,870 tons. Their boats have unusually long positions, measuring 30 feet from top to bottom. Their funnels are made to hinge back before the boat dives.

## PERFECTION IN BATHING SUIT

WE ARE not apt to think of beach or bathing suits as becoming garments—in fact, they are considered the acid test for good looks. But they have been progressing for several years in the direction of becoming more attractive. The suits intended only for beach wear, having graduated from the blazare and showy types, have arrived at the place where they are really attractive. But "attractive" is too mild a term to apply to some of this year's beach or bathing suits—they deserve to be called beautiful and they possess that quality in style which women describe as stunning. After a world of experimenting, along comes a genius and shows just how superb and glorified a bathing suit may be. As a witness to its possibilities for beauty, there is an example shown in the illustration.

This suit appears to be made of taffeta, although satin might be used for it. Blue or gray piped with a contrasting color, or a brighter color piped with black, make combinations with sufficient life in them. It consists of a pair of full knickerbockers, built out at the sides to simulate a short skirt and shaped into bands that fit closely over the knees and button at the sides, where the round buttons are shown, covered with satin like the pipings in color.

A kimono bodice with a surplice front, is extended below the waistline and prettily decorated with sprays of daisies, one near the bottom and one single blossom at the bust line. At each side of the front, pieces are set on to form the girdle which fastens at the back. Another pretty touch appears in the sleeves which are split up a little way on the under side and laced with narrow ribbons that tie in a bow. A hat of rubberized silk, cloth sandals and silk hose are as faultless as the suit they complete. So arrayed a pretty woman might make comparisons with any other dress, odious—to the other dress.

## Ginghams for Little Girls

WHEN designers of children's clothes began making up little dresses of checked gingham, in cheerful colors, and using organdy for collars, cuffs and cashes, and in other decorative features, they hit upon the most successful idea of the present season. These little models have proved so universally pleasing and so pretty that new designs come out in the shops with each new display of children's clothes. The combination has been borrowed for older people, with the best results and now there is no age limit for organdy-trimmed checked gingham. It has a rival in plain chambray, or other plain dress cottons, in dainty colors, with which organdy is used in the same way. Both organdy and plain chambray help to make dresses of plaid gingham interesting.

An example of both the checked and plaid gingham, made up with accents of white organdy, appears in the illustration above. They are simple and easy to make, and suited to little maids from six or seven to twelve or thirteen years. The checked gingham is cut to one piece and pleated in at the waistline. A frill of organdy, with narrow, hemstitched hem, finishes the neck and three-quarter length sleeves and both are bound with a narrow, bias fold of the gingham. There are patch pockets of organdy with frill across the top and a binding of gingham. An organdy sash is placed under the panel of gingham at the front of the waist. The panel is cut on the bias of the material and pointed at the bottom and there are small, flat pearl buttons at each side of it.

In the plaid gingham dress a pleated skirt is joined to an underbodice. The waist has bias fronts extended below the waistline and bound with organdy, and it fastens with three large pearl buttons. Long sleeves are unusual in this year's dresses, but they appear in this little model, with organdy cuffs. The neck is finished with a collar that is plain like the cuffs.

The over-the-skirt blouse continues in favor.

Tailoring a Button.  
The tailor gives buttons a "stem" when sewing them onto a garment. This stem enables the buttonholes to sit easily over the buttons. So when a button comes pulling out, it is the stem that is pulled out, not the button.

Applicants Appear.  
The other day an Indianapolis high school teacher had a birthday. In some way the children had discovered that it was many of them decided to give her presents. One of her little school boys came in with a huge box of candy. "Oh, Bob," she said, "why I believe I'll have to kiss you for this." Now right behind Bob was a junior boy—much larger and more glib of tongue. So immediately he spoke up: "Wait a minute, Miss T. I've got you a present, too."

The Time Limit.  
"Did she love him long?"  
"Yes, until she found him short."—Baltimore American.

**Prayed for Cure Finds it After 10 Years**  
Food Would Sour and Boil—Teeth Like Chalk.

Mr. Herbert M. Gessner writes from his home in Berlin, N. H.:  
"I had stomach trouble over ten years; kept getting worse. I tried everything for relief but it came back worse than ever. Last fall I got so sick I could only eat light loaf bread and tea. In January I got so bad that what I would eat would sour and boil; my teeth would be like chalk. I suffered terribly. I prayed every day for something to cure me. One day I read about EATONIC and told my wife to get me a box at the drug store as I was going to work at 4 p. m. I took one-third of it and began to feel better; when it was three-fourths gone, I felt fine and when it was used up I had no pains. Wife got me another box but I have felt the pain but twice. I used five tablets out of the new box and I have no more stomach trouble. Now I am able to tell you how thankful I am that I heard of EATONIC. I feel like a new man; I eat what I like, drink plenty of water, and it never hurts me at all."

#### Demise of Miss Anna Raymond.

Mr. and Mrs. Peter S. Raymond have the deepest sympathy of the community in the death of their daughter, Anna, which occurred Sunday, June 13, 1920, at the family residence in St. Francis street, after a lingering illness. Miss Raymond was 17 years of age, a native of Bay St. Louis. The funeral took place Monday afternoon, interment at St. Mary's cemetery, where only a little over two years since the bereaved parties laid "at rest" their son Clarence, aged 23 years.

Miss Raymond was a most lovable young person, loved by all who knew her and the news of her passing away was cause for much sorrow. Oh, why should we weep when the angels are glad. Shall the angels rejoice and mortals be sad?

Shall we grieve for the loss which has ended her night, And opened for ever the portals of light?

—The Miracle Man ranks with great film masterpieces. The big story will grip the audiences interest from beginning to end. Coming soon.

#### NOTICE TO THE PUBLIC.

There being an unusually large increase for water supply at present, caused by new supplies demanded for the large number of sanitary fixtures installed the last six months, and the large number of automobiles using water for cleansing, and large number of new subscribers coming in this summer, I beg every patron to keep their fixtures from leaking and stop all waste. Also avoid the use of lawn sprinklers, for which there is an extra charge of \$5.00 when used.

Under existing conditions, for the last two years it has been impossible to make any improvements to increase the water supply.

I must further call the attention of water consumers to the fact that water rents must be paid for in advance; and those that have failed to pay cannot expect to have their supply continued at the expense of those that pay.

I am forced to be more strict in collections in order to avoid loss, on account of large increase of license and taxes.

This is not a pleasant affair for me, but I must work it out the best I can at present.

Thing about the cotton and sugar situation. Can anybody help it?

CHARLES SANGER.
